## ENCHANTING SMILES FOR ALL AGES

Wouldn't it be nice if every dental visit had a fairy tale ending? At Storybook Smiles, your wish is our command! Our friendly team tailors our care to meet the dental needs of patients of all ages from infancy to adolescence.

For a happily-ever-after smile, the American Academy of Pediatric Dentistry recommends that children have their initial visit to the dentist when their first tooth erupts or by their first birthday. At these visits, we'll give you the foundation for a sparkling smile that even the big bad wolf couldn't blow away! **Your journey to a Storybook Smile starts below and is as easy as 1-2-3!**
